This Month's Support:

Calming & *Brain Health* Protocol

This protocol pairs a fast-acting calming herb with the building blocks the brain needs. Doses are by your pet's weight.

The Protocol:

Daily Amounts

Product	Up to 20 lb	21 to 50 lb	51 lb and up
 **Neuroplex** feeds the brain tissue directly.	2 per day	3 per day	4 per day
 **Tuna Omega-3 Chewables** supply the healthy fats the brain is built from.	1 per day	2 per day	3 per day
 **Kava Forte** is MediHerb's hot-water-extracted kava for fast-acting calm.	¼ to ½ per day	1 to 2 per day	2 to 3 per day

> Together, they support calm from the inside out: nourishing the brain, supplying the fats it needs, and easing the stress response.
